

The Seafarers' Charity's grant making:

- 1. Supports seafarers:** by providing funding to maintain and develop evidence based, bespoke services that respond to the unique needs and experiences of seafarers.
- 2. Encourages a preventative and innovative approach:** applicants understand current and potential needs of beneficiaries and respond with preventative and innovative approaches that can be replicated and shared.
- 3. Has maximum impact:** for seafarers, seafaring families and / or the wider maritime and charity sector in a manner that can be clearly demonstrated and measured through formal monitoring and evaluation.
- 4. Engages Seafarers:** in development of programme or service design and delivery and actively encourages their feedback to improve services.
